Exploring the Workshop

Vedic Mathematics is an ancient Indian system based on 16 Sutras and 13 sub-sutras, providing shortcuts and mental calculation techniques for solving complex mathematical problems efficiently. Popularized by Swami Bharati Krishna Tirtha Ji Maharaj in the 20th Century, he reconstructed the methods from the ancient Vedic Texts.

A 2-week workshop is being conducted to recognize and learn about India's rich heritage and knowledge tradition, specifically focusing on Vedic Mathematics. Jointly organized by Guruvayoor Campus (GC) of Central Sanskrit University, New Delhi (CSU), and Madhava GanitaKendram (MGK), Iringalakkuda, Kerala. The workshop will be held at CSU, Guruvayoor Campus, Puranattukara, Thrissur, from 8th June to 21st June 2025.

30 Students from all over India, with mathematical aptitude from +1 level to PhD, will participate. They are selected by an aptitude test and interview.

Eminent Scholars

Dr. Shriram Chauthaiwale, Member
Board of Studies (Vedic Ganit), CSU

Sri. P Devaraj, Director
Cosmic Math's Foundation, Kottayam

Mr. Ramesh Rao, Vedic Maths Trainer
Hyderabad
